

ICMMME 2020

INTERNATIONAL
CONFERENCE ON
MANUFACTURING, MATERIAL &
METALLURGICAL ENGINEERING

CALL FOR PAPERS

Osaka, Japan, March 28-31, 2020

Following the successes of previous events, the 5th

International Conference on Manufacturing, Material and Metallurgical Engineering, will take place in Osaka, Japan from March 28-31, 2020.

The key goal of the conference is aimed at bringing together academicians, scientists, engineers, and researchers working in various disciplines of these fields to exchange views as well as to share their expertise, experience and research results, and discuss the challenges and future directions in their specialized areas of research in these fields.

Topics Included

- Advanced Manufacturing Technology
- Manufacturing system and simulation
- Cellular manufacturing
- Automation, Control and Information Technology
- Manufacturing processes and technology
- Manufacturing Engineering
- Manufacturing Systems and Equipment
- Lean and Agile Manufacturing
- Metallurgical Fundamentals and Techniques
- Nanotechnology
- New Materials and Performances
- Optical Material
- Polymetric Materials
- Semiconductors
- Smart Materials
- Biomedical Materials
- Carbon based Materials
- Composite Materials
- High Strength Alloys
- Magnetic Materials
- Materials Physics
- Materials Processing and Handling
- Metal Processing

Publication

Accepted full papers will be published into conference proceedings, will be submitted to **EI & Scopus** index.

Last four years, conference proceedings were published and index by **EI & Scopus**.

Call for Workshops

Who are interested in organizing workshops are invited to submit a formal proposal, which should include:

- Title
- Expected enrollment
- A description of the technical issues that will address, emphasizing its timeliness
- Presenter/organizer biography
- Length of the workshop: 1.5 hours, 3 hours

Important Dates

Papers deadline:	October 10th, 2019
Notification Date:	October 30th, 2019
Registration Deadline:	November 20th, 2019
